

# PRAJWAL KULKARNI

## FRONTEND DEVELOPER

### PROFILE

Adept frontend developer architecting meaningful and elegant applications on the web.

Proficient in HTML, CSS & JavaScript with hands-on experience in React.js, State management, Testing, CI/CD, Build tools(Webpack).

### PROJECTS

#### EDUWALL

Manage & organize notes

**Jan 22 - Mar 22**

- Built the entire application from scratch using **TypeScript**.
- Technologies used - **Frontend (React), Backend(Nodejs Express server)**.
- Deployed the application on **Vercel(Frontend) & AWS EC2(backend)** with NGINX serving as reverse proxy.

#### NEXTPORTAL

Lightweight and easy-to-use portal component for NextJS

**Dec 21 - Dec 21**

- Created an open source **npm package** to render portals in **NextJS** with ease.
- Used **webpack** to bundle the component with typescript compatibility.

#### MINI PROJECTS

React mini projects

**Aug 21 - Nov 21**

- Built few mini projects using react to hone my frontend skills

#### TECHNICAL WRITING

Technical writing on blogs, Q&A platforms

**May 20 - Present**

- Blog writing is mostly related to web dev on platforms like medium, freecodecamp, dev.to, etc.
- Answering questions related to web dev on **Stackoverflow**.
