

Prajwal Kulkarni

Frontend Developer

ABOUT ME

Proficient in JavaScript with hands-on experience in React.js, State management, Testing, CI/CD, Build tools (webpack).

PROJECTS

Eduwall — *Manage & organize notes*

JAN 2022 - MAR 2022

- Built the entire application using TypeScript
- Technologies used:-
 - Frontend - ReactJS, TailwindCSS
 - Unit/Integration testing - React testing library, Jest
 - Backend - NodeJS(Express)
 - Database - MongoDB
 - API - REST API
- CI-CD Infra: Vercel, AWS EC2, S3 storage for static assets

[Live demo](#)

Nextportal - *Lightweight and easy-to-use portal component for NextJS*

DEC 2021 - DEC 2021

- Created an open-source **npm package** to render portals in NextJS with ease.
- Wrote a custom hook to animate the element on mount & unmount.
- Used **webpack** to bundle the component with typescript compatibility.

[Live demo](#) [Source code](#)

Mini projects on React

1. **Google calendar clone** - Built with ReactJS that uses localStorage for data persistence.

[Live demo](#) [Source code](#)

2. **Delicioso**, Food ordering app - Built with ReactJS that uses Context API for state management.
